

# Incredibly Strong for its Size.

## Introducing Neodymium Lifting Magnets

You don't have to be big and bulky to handle heavy loads. Our NEW Lifting Magnets utilize neodymium, the strongest magnetic material in the world. With four different models to fit your specific application, their efficient compact strength will amaze you.

- Ideal for handling steel plate, forgings, die castings and similar items in machine shops, warehouses and industrial processing plants
- Lifts either flat or round ferrous metal items
- Eliminates the need for slings or clamping devices
- No electricity required for operation of magnet

Small footprints ranging  
from 3" x 5" to 6" x 13"

Part No.	Flat Max Lift Rate (Lbs.)*	Round Max Lift Rate (Lbs.)*	Measurements in Inches					Weight (Lbs.)	Price
			W	L	H	OH	RL		
NLM100	220	110	2.8	4.9	3.4	6.8	7.1	12	\$250
NLM300	660	330	3.8	7.5	4.3	8.8	10.3	31	\$550
NLM600	1300	650	4.8	9.3	5.6	11	10.3	62	\$825
NLM1000	2200	1100	6.1	13.1	6.4	13	18.3	125	\$1,500

\* Lifting strength varies depending on thickness and composition of ferrous metal object being lifted. For safety, the actual breakaway force is 3 times greater than the maximum lift ratings. Not recommended for lifting sheet metal.
